

**COMMUNICATING  
TOGETHER ON  
COMMON THEMES  
WITH POLICYMAKERS**  
is far more powerful  
for driving change and  
being heard than  
doing so individually  
for each project

**GBM AWARENESS DAY IS A  
CRUCIAL MOMENT TO HIGHLIGHT  
THE DEVASTATING IMPACT OF  
THIS CANCER ON COUNTLESS  
INDIVIDUALS ACROSS EUROPE AND  
GLOBALLY**

**"By working together, we can  
advance research to deepen  
our understanding and develop  
effective treatments. Equally  
important are policy efforts to  
ensure that everyone and  
everywhere in Europe, benefits  
from the latest innovations"**
